

# Drug Screen Confirmation Test

## PILBARA PHYSIOTHERAPY

As part of your pre-employment, you are required to attend our Pathology Collection Centre **immediately** to provide a urine sample for the purposes of a confirmatory drug test. This test is a requirement of Bodycare's pre-employment process, delivered on behalf of your potential employer.

### Preparing for Your Test

- Please contact the Collection Centre to advise that you need to have a confirmatory drug test performed **immediately** after a non-negative instant drug test.
- You **MUST** attend the pathology Collection Centre **immediately** to provide a confirmatory sample. Failure to attend your lab-based drug test confirmation immediately may result in the assessment being incomplete, which may impact your application. If you are unable to attend immediately, please contact Bodycare to advise.
- Please advise the Collection Centre that you are attending a pre-employment drug test for Bodycare.
- It is essential that you bring your referral document to the Collection Centre.
- You are not required to pay for the test on the day (payment is included as part of your final pre-employment fee).
- Please avoid any caffeinated drinks and please do not drink more than one glass (250 ml) of water two hours prior to your appointment. The consumption of too much water may dilute your sample. In the instance of this occurring, we will require you to be re-tested.

### Location

#### Western District Pathology

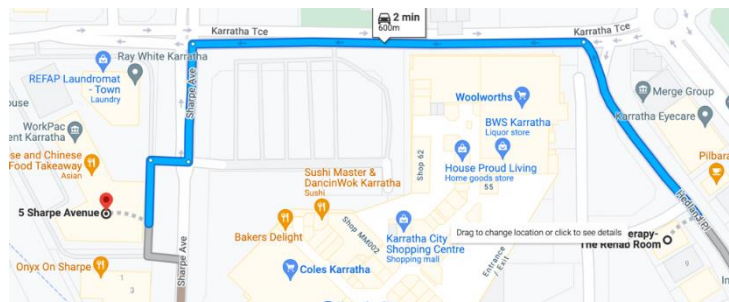

Shop 37, 5 Sharpe Avenue,  
Karratha WA 6714

Mon – Fri 08:00 – 16:00  
Sat 08:00 – 11:00

## Chain of Custody Request

Date: \_\_\_\_\_

Company: **Bodycare Workplace Solutions**

Employee name: \_\_\_\_\_

You have been requested to present to a Western Diagnostic Pathology collection centre to provide a urine &/or breath sample/s for the purpose of Drugs of Abuse & Alcohol testing.

Preparation required

You will need to bring your driver's license or passport with you as proof of identity.

Sample dilution – If you drink more than 2 – 3 cups of water 1- 2 hours before having your urine sample collected, the sample you provide may be too dilute. If this is the case, you will be asked to provide another sample.

THIS LETTER MUST BE PRESENTED TO A WESTERN DIAGNOSTIC PATHOLOGY STAFF MEMBER AT THE TIME OF COLLECTION.

Commercial Services Department  
Western Diagnostic Pathology

### Attention Western Diagnostic Pathology Collection Personnel

The individual named on the top of this letter requires the drug & alcohol screening selected below to be performed. The individual will present identification as proof of identity and the account will be sent to **Bodycare Workplace Solutions**.

Please transcribe the following information onto the chain of custody form and then attach this letter to the chain of custody form if you have a hard copy.
